General Paul To Head Nixon Group

General Willard S. Paul, president of Gettysburg College, has been named chairman of the Nixon for President Club of Adams County.

Milton G. Baker, chairman of the Nixon for President Committee of Pennsylvania, Sunday announced the appointment of Paul, a retired lieutenant general who has been president of the college since October, 1956.

STATE CHERRY GROWERS NAME GEORGE LUKE

George Luke, Erie County, was elected president of the Pennsylvania Red Cherry Growers Association Saturday night at a banquet meeting in the Five Star Restaurant.

Outgoing president John F. Peters presided at the dinner meeting attended by more than 90 members and guests. Other officers elected for the coming year were: Vice president, J. Thomas Derrick, Cumberland County; secretary, M. A. Southwick, Erie County and treasurer, Ryland B. Garretson, Bendersville.

The 16th annual banquet was also attended by seven Pennsylvania agriculture queens. Jo Ann Williams, Erie, the national 1960 cherry pie baking queen, headed the group that also included Nancy Smith, Erie, peach queen; Judy Brown, York, apple queen; Janet Williams, Catawissa, poultry queen; Aline Rice, Greene County, dessert queen; Nancy Sickles, Warren County, livestock queen, and Linda Lee Roth, Erie County, grape queen. On Sunday morning, all the girls and their chaperones, Mrs. Fred Rice, left for Atlantic City where they will be three-day guests of the Pennsylvania Growers Association meeting there.

The group heard Al Pero give a brief talk about mechanical harvesting of red cherries. Pero showed a film developed in Michigan last year, stating that the film revealed nothing new in the way of getting cherries off trees, but the problem is to get them to the processing plant in time. The growers now have pickers that can do the job of 35 men, taking seven men to operate the machine.

Dr. J. R. Oyler spoke to the group on the red cherry research conference. He said the problems of the growers are being ironed out in private conferences and as information becomes available, it will be passed along to the individuals.

MAKE MOTHER SETON MOVIE AT ST. JOSEPH

A camera crew for the Sisters of Charity hoped for clearing skies this afternoon so that it could complete scenes being taken on the St. Joseph College campus, Emmitsburg, for a documentary film on the life of Mother Seton, foundress of the local college and the Sisters of Charity.

The film, sponsored by the Sisters of Charity, Greensburg, Pa., is being made for use on National educational television. Some of the material has been filmed in Leghorn, Italy, and New York. Besides the scenes at Emmitsburg, other scenes were filmed on a professional set picturing the Baltimore activities of Mother Seton.

First showing of the TV version is expected to take place on Aug. 15. A longer version, the TV version will run a half hour, is being prepared for use by schools and organizations.

The project which will trace the life of Mother Seton from childhood to her death is under the supervision of Sister Rosalie, radio and television director of the diocese of Pittsburgh. The director is John Ciegler, of WQED-TV, Pittsburgh. Dr. Von Brautich is in charge of the script and James Boyer of photography.

Emmitsburg children are being used for the scenes filmed at St. Joseph College. Only two speaking parts are contained in the film, a narrator and that of Mother Seton. Mary Alice Miklancie, a graduate of Seton Hill College now attending Catholic U. drama school, will speak the Mother Seton role.

President Is Given Warm Reception In Anchorage; Off To Manila And Tokyo

By MARVIN L. ARROWSMITH
ANCHORAGE, Alaska (AP)—President Eisenhower took off today for a three-day visit to the Philippines—still determined to go on this weekend to riot-plagued Japan.

The President, pleased by a warm reception in Alaska, left Elmendorf Air Force Base aboard his jet airliner. He scheduled a refueling stop at Wake Island 7½ hours later and arrival at Clark Field near Manila at about 3:45 p.m. Philippine Time—2:45 a.m.

HONOR PRIEST AT RECEPTION HERE SUNDAY

Approximately 500 members of the congregation of St. Francis Xavier Catholic Church attended a reception Sunday afternoon in Xavier Hall for Rev. Fr. Anthony F. Kane, pastor for ten years, in recognition of the 25th anniversary of his ordination to the priesthood.

A Solemn High Mass of Thanksgiving was celebrated by Rev. Fr. Kane at 9:30 o'clock Sunday morning to commemorate the anniversary. Monsignor George Mulcahy, rector of Mt. St. Mary's Seminary, Emmitsburg, delivered the sermon. He praised Rev. Fr. Kane for the "outstanding work he has done during his 25 years in the priesthood." Rev. Fr. William Sullivan, assistant pastor, served as deacon at the Mass with Clair Redding, a seminarian at Mt. St. Mary's, serving as sub-deacon.

Presented With Purse

The reception hall was decorated with a number of floral arrangements. A large white cake, decorated with a large silver "25th anniversary" was the center of a buffet table. Mrs. George F. Eberhart, church organist, delivered a brief congratulatory talk and presented Rev. Fr. Kane with a spiritual bouquet and purse on behalf of the members of the parish. Also attending the reception were several members of Fr. Kane's family.

The local pastor and two of his classmates, the Most Rev. Lawrence F. Schott, D.D., auxiliary bishop of Harrisburg and Rev. Joseph L. Browne, chaplain at Mercycrest convent, Harrisburg, recently celebrated an anniversary Mass in Mount Carmel.

MORE GIFTS FOR CHILE'S RELIEF

Donations continue to come in to the Adams County chapter of the Red Cross for the victims of the Chilean earthquakes as new pleas for help come from eastern area Red Cross headquarters and news reports tell of new quakes. New contributions sent Adams County's total up to \$253 today. The latest donations listed included \$15 from St. John's Lutheran Church at Littlestown; \$10 from Mr. and Mrs. Paul S. Reaver, \$5 each from H. F. Quigley and Martha B. Stallsmith, \$3 from David A. Tawney and a total of \$17 from anonymous donors.

The county Red Cross has had its clothing quota raised for the Chile relief emergency. Last week, the chapter had been asked to provide five heavy, coat-type sweaters and today the chapter was asked to furnish long, woolen stoles in dark colors for women's winter wear.

The chapter office here has learned from Red Cross President Alfred Gruenther that the Red Cross already has sent 20,000 blankets, quantities of food and more than \$800,000 to the earthquake-stricken area. The eastern area has been asked to provide 9,600 winter garments for the Chileans who have winter's cold added to their troubles from earthquakes and floods.

Revolt In Argentina Collapses In 6 Hours

By SAM SUMMERLIN
BUENOS AIRES, Argentina (AP)—President Arturo Frondizi's government announced today that a vest-pocket revolt in western Argentina had collapsed a scant six hours or so after it started. Frondizi told newsmen the bulk of Argentina's armed forces had rallied to his side within a few hours after the small-scale rebellion last night in San Luis.

The President confidently announced he would leave a planned trip to Europe. Before dawn a spokesman for the Interior Ministry said loyal troops had captured Gen. Mauricio Gomez, commander of the 2nd Argentine Army, who reportedly joined the rebels.

EST Tuesday. Prospects were for a rousing welcome for Eisenhower in Manila, where he was stationed as an Army officer in 1935-39.

Risk Of Danger

But there was a risk of danger—the possibility of physical harm to the 69-year-old President—on his scheduled arrival in Tokyo.

In the Japanese capital left-wing mobs, now perhaps controlled by Communists, still are intent on trying to prevent or wreck the projected Eisenhower visit.

The President arrived in sunny Anchorage, biggest city in the new 49th state, Sunday morning after a 3,700-mile nonstop flight from Washington.

Going To Tokyo

He said he had rejected advice that he abandon or postpone his visit to Tokyo.

He is going ahead, he said, because the visit "represents an important phase of a program whose paramount objective was, and is, to improve the climate of international understanding."

Alluding then to the hate-propaganda campaign in Tokyo, the President added: "We should not permit unpleasant incidents and sporadic turmoil, inspired by misled or hostile agents, to dim for us the concrete and gratifying results. They have been to the great good of the entire world."

At Anchorage Eisenhower met by his press secretary, James C. Hagerty, who last week was besieged by a screaming Tokyo mob from which he narrowly escaped.

STATE CHERRY

(Continued From Page 1)

John B. Peters and Harold Bucholz gave the 1960 Red cherry crop forecast for the nation. Bucholz's estimates for the year were: The southern district, (includes Adams County) 6,700 tons; northeast area (Erie), 250 tons; Michigan, 90,000 tons; New York, 15,000 tons; Wisconsin, 15,000; Pennsylvania, 7,250, and Ohio, 500 tons. Peters said the problem is not to grow enough cherries for the demand, but to process them fast enough and obtain a good price. He added that advertising does have an influence in creating an atmosphere for the buyers and the growers must keep up the advertising. There are so many intangibles in advertising that its value cannot be measured.

Cherry Pie Queen
Miss Jo Ann Williams, the national cherry pie baker of 1960, spoke about her travels to Chicago to the contest and her experiences after she became queen. These included a trip to New York and an appearance on the Dave Garroway Show a trip to Washington, baking pies for the President and members of Congress and finally her return home where she received a rousing ovation from her homefolks. Miss Williams revealed that she still receives much fan mail. One letter asked her mother to send a recipe for corn bread, while a man asked her to send a picture because he wanted to see what a good cook looked like when he started hunting for a wife. Miss Williams said she has received enough money from various organizations to put herself through one year of college.

Harold Bucholz, substituting for James Bryce, executive secretary of the cherry institute, told the group that the aims of the institute were to promote the cherry pie baking contest and to promote use of cherries by thinking bigger and working harder. He estimated the cherry pie contest budget at \$40,000 per year. The institute is also doing research on making "visible" packaging working up a symbol for the institute and a five-year plan to collect and publish information in general to growers.

Most Into Pies
Bucholz said that 85 per cent of all cherries used go in pies. The aim of the institute is to promote, next summer, desserts, pie mixes, juices, sauces and other byproducts. He added that the budget of the institute runs about \$250,000 a year for such purposes, but this amount includes the pie baking contest.

"Cooperation, faith and hard work," he advised, "will make everything come out right."

Members and guests were served roast beef, mashed potatoes, buttered peas, Harvard beets, green tossed salad, fruit cup, relish tray coffee, rolls and mints. The dessert was — of course — cherry pie.

Revolt

(Continued From Page 1)

"Gorilla" Group
Most of the leading rebels were members of what Argentines have nicknamed the "Gorilla" group of officers. They are fervent anti-Peronists who denounced Frondizi for wooing votes from supporters of former dictator Juan D. Peron in the 1958 elections.

It was the first open rebellion since June 1956, when a small band of pro-Peron military and civilian forces staged a quickly smashed uprising against the provisional government of President Pedro Aramburu.

Fortunato Giovannoni, a retired general who served some time in jail during Peron's regime, proclaimed himself provisional president of the rebel government. He had figured briefly in the Aramburu government.

Arrest Provincial Governor
The rebels accused the Frondizi government of "Marxist, Trotskyist and Communist tendencies." In a broadcast from San Luis, in the foothills of the Andes 400 miles northwest of Buenos Aires, the rebels declared: "We want a free nation without Peronists and Communists."

In addition to seizing the San Luis radio station, the rebels managed to get control of the provincial government headquarters, and put Alberto Domene, the provincial governor, under arrest.

Frondizi fled from his residence in the suburbs to Government House and made a quick assessment of the situation with his military leaders. Then he called in newspapermen for a 3 a.m. conference.

"I am happy to announce that the armed forces as a whole have obeyed their regular commanders," he said.

Gas Fixtures. We are requested to say that either Mr. Helme, or Mr. Wilson, will be constantly in attendance at their room opposite to the Bank, for the purpose of exhibiting their gas fixtures for business places and dwellings. They have a very handsome assortment—and invite a call from the citizens of Gettysburg. They also request those persons desirous of having their dwellings supplied with pipe, to give them early notice, so that they may make their arrangements accordingly.

What Douglas Thinks: Senator Douglas repeatedly said, when informed of the nomination of Abraham Lincoln by the Republicans, that he was the strongest candidate that could have been selected. This may be received as a true estimate of his strength, for nobody knows better than Douglas how hard he is to beat. Col. Forney declares that unless Douglas is taken up at Baltimore, the contest is virtually decided in favor of the Republicans; while others believe that even Douglas can make no headway against him in the Northwest.

SEVENTY-FIVE YEARS AGO

There has been no special change in Gen. Grant's condition during the week. The cancer in the throat is making slow progress, some days presenting an angry appearance and causing great pain and uneasiness, and again yielding to special treatment. The aim of the medical men in charge of the case is to stay the progress of the disease as far as possible and promote the comfort of the distinguished patient. If the present favorable conditions are maintained, General Grant will travel to Mt. McGregor on Tuesday, June 23.

Reynolds Monument: The House of Representatives at Harrisburg has passed the appropriation of \$1,000 to mark the spot where Gen. Reynolds was killed. The act provides that the money shall be spent under the direction of Corporal Skelly Post No. 9, GAR. The bill was introduced by Mr. Stocksler, and through his energetic and indefatigable efforts has been passed through the House of which he is a member. Senator Wagner will take charge of it in the Senate, and the probability is it will become a law.

Lynched: Townsend Cook, the negro who brutally assaulted Mrs. Carrie V. Knowl, of Carroll County, was taken from the jail at Westminster about 1 o'clock Tuesday morning by a masked body of men and hung. The crime was perpetrated by Cook near Mount Airy the previous Saturday, when he entered the farm house, and, finding the woman alone, felled her with a club, and feloniously assaulted her. There had been a good deal of excitement about fifty masked mounted men rode to the jail and demanded the prisoner. Sheriff Shower refused admittance, when the lynchers battered in the door, took Cook out, and when about a mile from the town hung him to a tree. To make sure of their work two pistol balls were sent into his head. The affair was coolly and quietly managed, few of the citizens of Westminster knowing what had occurred until next morning. The verdict of the coroner's jury was that Cook came to his death by hanging at the hands of parties unknown.

Today's Talk

HAPPY MONDAY MORNING

For years I have looked to my Mondays to get me guided on a fresh and happy week. Beginnings have always interested me. They are so fresh and full of untold task. Never mind yesterday.

Here are some good thoughts. They came to me from a dear friend and I now give them to you. They were written by the late Elsie Robinson, for many years one of America's great columnists. "Live simply," she said, "one step at a time, taking all that every day holds out of each experience. Do not allow yourself to be trapped by yesterday. Look for beauty. Have faith in spite of lies, in spite of fear and despair." We can all take such advice happily.

Our wisest, most comfortable ideas can be made to come to us just as the new happy Monday morning comes, in its golden gown, from over the hills.

I loaning some of these thoughts of ours, let us dedicate the happy Monday morning ones to giving each one of us a new vision and a new start to better days, and good cheer to life itself.

In the great little things we often run into thoughts that can inspire us for a whole day, and often for weeks, a month, or a year. We must keep picking up life as we travel here and there. Happy Monday morning! And thank Bob Updegraff for passing this idea on to me, and now to you.

Tomorrow Mr. Adams will talk on the subject: "Glitter"

Just Folks

CREEDS AND DEEDS

What's true to me is false to you;
You see my right as wrong;
Each of us holds a different view,
And each in faith is strong.

Yet you are good and brave and kind
And walk in honor's way,
And in your faith you seem to find
Real courage for the day.

To what I hold is right, I cling
And find my strength therein;
Yet false you call my reckoning;
In yours I couldn't win.

Each of us holds a different view;
By it we rise or fall.
What's right to me is wrong to you,
Yet good there is in all.

Our lives are shadowed in our deeds,
And only this is true:
That whether wrong or right our
creeds,

What counts is what we do.

Let's Look At The Record

DISCORDANT JUDGES
Offshore Oil Creates Comic Opera
Supreme Court Vagaries Invite AttackBy JIM DAN HILL, Ph.D.
President, Wisconsin State
College Superior

THE SUPREME COURT, following years of delay, has at long last sustained the offshore boundaries of Florida and Texas as contemplated in the U. S. Submerged Lands Act of 1953.

With the mercurial inconsistency that has long characterized this court, Louisiana was simultaneously denied a similar claim to royalties from offshore oil totalling approximately 300 million dollars in 1964 producing wells.

This was the lion's share of the offshore revenue loot at issue between federal and state governments. Though endowed with a far greater shoreline Texas had comparatively few actually producing wells with proportionately less immediate royalties at stake. Oil activities just off the long Florida coast are even less active.

One would like to believe the size of the prize at issue had nothing to do with the court's findings against Louisiana. Mississippi and Alabama were similarly denied such rights.

Nevertheless, the past, arbitrary, eccentric vagaries of the court, as now constituted suggest some merit in the manderings of the Louisiana attorney general when he groaned: "We wuz robbed!"

THESE VAGARIES are by the same discordant, allegedly learned justices who within the past few months voted by the narrow margin of but one vote to sustain a lower court in the conviction of Rudolf Abel, known and proved Russian spy.

Chief Justice Warren supported by Justices Black, Douglas and Brennan, wanted to reverse the lower court and free Rudolf Abel, the most highly placed and dangerous spy America has thus far captured.

Their dissenting opinion did not argue Abel's innocence. They conceded his guilt. But these four would free him because the government attorneys had, in their thinking, erred in procedural matters. The other five justices fortunately agreed with the U. S. attorneys.

Need one wonder that bills to curb the Supreme Court's jurisdictional lust and re-define its proper role have been pouring into the congressional hopper for the past eight years?

THE TIDE LANDS oil dispute is complicated. Nevertheless, a responsible minded court, thoughtful of the interests of all concerned, could have arrived at an earlier, more consistent decision.

In 1947 the Supreme Court supported the Federal Government against California in ownership of offshore oil royalties. This decision was applied to Texas and Louisiana in 1950.

Congress then recognized that states with a Spanish heritage and with hundreds of years of land titles under Spanish laws and grants were different.

Accordingly, in 1953 Congress passed the Submerged Lands Act. It ceded to all the coastal states the undersea rights three nautical miles out from the low water mark.

The law was further loaded with vague language with reference to historic rights of states that could justly document a wider claim. It was this vagueness that put the problem again in the lap of the Supreme Court, but which it has not gotten around to settling until this good year of 1960.

THE SHIFTINGS OF THE COURT have a Gilbert and Sullivan, comic opera touch. Chief Justice Warren and Justice Clark disqualified themselves.

Justice Harlan then set up terms of reference that readily recognize the rights of Texas under the Treaty of Guadalupe Hidalgo, which was pertinent to the entry of Texas into the Union. Except for Justice Douglas, who has a long record of ignoring history, but is strong on writing travelogues, the remaining seven-man bench went along with Justice Harlan.

But when it came to applying the same historic rule to the Constitution of Florida, as of the time of its re-admission to the Union following the Civil War, Justice Harlan couldn't swallow his own terms of reference and actually dissented, whereas the remainder of the court, including erstwhile dissenting travelogist Douglas, went along and gave Florida the same nine nautical miles rights as Texas.

WHEN THE COURT came to Alabama, Mississippi and Louisiana, which likewise have a Spanish heritage in matters of water rights and coastal land titles, six of the seven sitting members of the court did an about face and disallowed their claims.

Even so, Justice Black, whose life has been one of inconsistencies showed a rare flash of consistency and decided to dissent in favor of Louisiana, Mississippi and Alabama, favoring for them the same rights as of Texas and Florida.

From all this it is quite apparent that the offshore oil question has not been settled. These vagaries invite new legislation and most likely a new Supreme Court decision seven or eight years hence.

Meanwhile the court is becoming increasingly vulnerable to an all out attack such as F.D.R. launched against the "Nine Old Men" of his day.

M'Covey's Grand Slammer Beats Braves And Moves Giants Close To Pirates

By JACK HAND
Associated Press Sports Writer

Willie McCovey had been riding the bench and was hitting only .244 when he came to the plate Sunday with the bases loaded and San Francisco clinging to a shaky 7-6 lead over Milwaukee.

Rising to the occasion, he slammed a Carl Willey fast ball out of the park for the first grand slammer of his brief major league career.

The Giants went on to win 16-7. The victory moved them within half a game of the first-place Pittsburgh Pirates, who divided two at St. Louis. The Pirates bombed the Cards for 23 hits in a 15-3 first game romp but then lost the second 5-2, despite 10 more hits.

Wins Fifth For L.A.
Stan Williams won his fifth for Los Angeles with a four-hitter against Cincinnati 3-1. Always known as a wild man, Williams walked but one and struck out eight.

Richie Ashburn's 10th inning single enabled the Chicago Cubs to shade the last-place Philadelphia Phillies 8-7.

The Giants' game was a wild affair with 31 hits. They set a new National League record and tied the major league mark by playing a nine-inning game in 3 hours 52 minutes. Bob Schmidt had a perfect day for the Giants with two doubles, a single and a walk and Willie Mays had two doubles and a single among the 18 hits.

23 Private Hits
Chuck Dressen, Milwaukee manager, started George Brunet, a left-hander brought up Saturday from Louisville. He lasted 3 2-3 innings before the parade started. Ron Fliche, the second of five Brave pitchers, was the loser. Billy Loes, second of five to work for the Giants, won it.

Dick Stuart had five hits, including two homers, and Dick Groat and Smokey Burgess had four each among the 23 collected by the Pirates in the first game at St. Louis. Vern Law won his ninth in a breeze. Ernie Broglio, with ninth-inning help from Lindy McDaniel, hung the second game defeat on Vinegar Bend Mizell, an old teammate.

Don Demeter's home run off Jay Hook eased the way for Williams at Los Angeles. The only Cincy score was Eddie Kasko's homer in the seventh.

Tony Taylor's throwing error set up the winning run for the Cubs in the 10th inning against the Phils. Ashburn's single drove a home. Mark Freeman was the winner on relief and Humberto Robinson dropped his fifth straight, also on relief.

County Horsemen Gain More Honors

Several Adams Countians won awards in the Penn-Maryland Circuit Horse Show held Sunday at Barnesville, Md.

Two of the eight scheduled games in the South Penn Baseball League were rained out Sunday as Cashtown and Arendtsville continued their hot battle for first place.

Unbeaten Cashtown won a free-scoring game from invading Mummasburg 13-8 with the second game being called after two and one-third innings when the score was tied at 3-3 because of rain.

I. Herring and Decker each pounded out three hits to lead Cashtown's 14-hit attack. Byers rapped three of Mummasburg's 11 hits.

Arendtsville swept a pair of games from winless Bonneauville at Arendtsville 10-1 and 6-1. King and Spence led the winners' assault in the first game with four and three hits, respectively. One of King's blows was a home run while Taylor also homered. Spence scattered six hits to the losers.

In the second game Shultz pitched the first four and one-third innings for Arendtsville but was forced out after being tossed on the head. Dick Pitzer struck the final two and two-third innings. Pitzer and Dick Hartzel each hit safely twice. Don Gehart singled for Bonneauville's lone hit.

Brilliant Pitching
Air tight pitching featured the twin bill between Hunterstown and Harney on the latter's field. Harney won the first game 3-1 with Solomon and Snyder forming the winning battery. Ronnie Weigle and Duttera were the Hunterstown battery.

Weigle allowed but four hits, all infield-type.

The second game went nine and one-half innings to a 1-1 deadlock before rain stopped play. Hunterstown had broken the tie with a run in the top of the 10th and there was one out in the bottom of the inning when play was halted, the score reverting to the previous inning. Each team scored a run in the eighth. Bud Reichert, who allowed but two hits, pitched for Hunterstown with Duttera receiving. Harry Dougherty and Snyder worked for Harney. The tie game has been rescheduled for June 25 at Harney at 2 p.m.

Greenmount and Brushtown divided a doubleheader at Brushtown, Greenmount winning the opener 9-0 and losing the second game 4-3 when rain stopped the game after four and one-half innings.

Big 33 To Have Strong Front Line
HARRISBURG (AP)—Pennsylvania's Big 33 team will feature a strong line when it goes up against a squad of national scholastic stars in the third annual charity grid game at nearby Hershey July 30.

The state squad was strengthened Saturday by the selection of Brain Generalovich, an all-around athlete from Farrell High School with a gridiron reputation for top defensive and offensive play.

Generalovich, a 6-4, 212-pound performer, plans to enter the University of Pittsburgh this fall.

**MATADORS ARE
RICHER THAN
BALL PLAYERS**

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Prosperity is just a myth to most old people. About 60 per cent of Americans over 65 have an annual income under \$1,000.

The quickest way to become rich in Spain is to become a famous bullfighter. They are paid far more than any U. S. baseball idol. Top matadors, such as Dominguito and Ordenez, get up to \$40,000 for an afternoon's performance.

Times Have Changed
How times have changed! Travel was considered so dangerous a century ago that your life insurance was invalid if you journeyed west of the Mississippi or took an ocean voyage.

Don't worry if your 3-year-old child has trouble carrying a tune. After all, composer Wolfgang Amadeus Mozart didn't write his first composition until he was 4. And it wasn't until he was 8 that he turned out his first symphony.

Lessons And Living
Lessons in living: The Talmud advises, "Three things are good in little measure and evil in large: yeast, salt and hesitation."

Many traffic experts believe the drinking driver is now the biggest single menace to highway safety. Blood tests show more than 50 per cent of the drivers involved in fatal accidents were intoxicated.

If the shoe fits: Chiropractors say the average American woman's foot has grown a full size larger in the last 25 years.

Like Kings
Our quotable notables: "Everyone is born a king," said Oscar Wilde. "And most people die in exile, like most kings."

Life is a Dutch treat. The country where people live the longest is The Netherlands. There men look forward to a life expectancy of 70.6 years, women 72.9 years.

Florida has other attributes besides its climate. It is the only state in which a girl can legally marry the brother of her mother or father.

32 Cents A Month
Turkish soldiers believe that if they die in battle they go straight to heaven, where they are surrounded by charming and eager damsels. This may help explain why a private in the Turkish army gets only about 32 cents a month in earthly pay.

The coast line of Florida measures slightly more than 1,000 miles.

MANILA, Philippines (AP)—President Eisenhower's schedule for Tuesday:

3:45 p.m.—arriving from Alaska via Wake Island, the President lands at Clark Field.

4:30 p.m.—flies to Manila by propeller plane and is greeted by President Carlos P. Garcia of the Philippines.

6:15 p.m.—arrives at Malacanang Palace, his residence in Manila, after motor trip through city. Manila time is 13 hours ahead of Eastern Standard.

**TWO BRITISH
HIKERS START
HOME STRETCH**

HARRISBURG (AP)—What would you do, old chap, after walking from San Francisco to New York?

Two British Paratroopers who are doing just that say it's elementary—they are going to dunk their tired toties in the cool, refreshing waters of New York Harbor.

Refreshed after an overnight stay here, Sgts. Mervyn Evans, 33, and Patrick Maloney, 34, headed today for Hamburg and other stops along U. S. 22. They hope to reach New York by Saturday and thus set a new cross-country hiking record. The old one of 79 days was set in 1926.

67 Days For Trip
The two left San Francisco April 12. If their timetable pans out, they will make New York in 67 days.

It's a hard grind—they started out covering 45 miles a day and have since upped that by three miles—but the experience is worth it, the two agree.

Other than feet-dunking, the sergeants haven't made any definite plans for their stay in Manhattan.

Evans said he wants to see the sights, alright, "but I'm not going to walk one step of it."

HARRISBURG (AP)—Payments totaling \$83,177,660 to 309,020 of the estimated 401,000 eligible veterans have been approved by the Pennsylvania Korean Bonus Bureau since it started operating eight months ago.

That was the report issued Saturday by bureau director Jerry M. Echard. He said May payments to 13,815 veterans totaled \$4,130,890.

In the future, Echard said the checks will be issued monthly instead of weekly as has been the practice. He added that applicants

SHOW MARKS
ANNIVERSARY**

By CYNTHIA LOWRY

NEW YORK (AP)—The Ed Sullivan show was 12 years old Sunday night. It would be interesting to take another look at that first program again. In fact, it might have been more interesting than what we did see.

I remember the program used to be called "The Toast of the Town," that it started off with dancing girls and that there used to be acrobats, jugglers and animal acts.

Sunday night's CBS show was not quite typical of today's Sullivan hour—no drill teams, military chorals or imitations of our host. There were, however, his pet comics, Wayne and Shuster, doing a heavy-handed burlesque of "What's My Line?"

Mild Dramas On NBC
There was Victor Borge in one of his vintage comedy bits. And, of course, there was a prize fighter taking a bow from the stage and a golf champion taking one from the audience.

"Summer Hero" proved a mildly suspenseful drama on NBC's Sunday night live mystery hour. It was the tale of an aging matinee idol who believed he was being blackmailed by a teen-ager—a situation which writer Charlotte Armstrong resolved without homicide.

As usual in this series, it was well acted and directed. Patty McCormack did very nicely playing a healthy teen-ager after all these years in angelic-looking monster roles. Zachary Scott invested his role of a frightened and desperate star with fine actorish flourishes. The play, however, lacked something, or maybe I'm just conditioned to corpses in mysteries.

Recommended tonight: "The

that require no special investigation are generally paid the same month they are received.

**Should Report To
State Police First**

HERSHEY, Pa. (AP)—Pennsylvanians applying for learners' permits to drive motor vehicles have been reminded to report first at a state police examination center before taking a physical examination.

O. D. Shipley, traffic safety commissioner, said this was the most frequent mistake made by persons submitting physical examination cards since the new program took effect June 1.

Under that program, Shipley reminded Saturday, state police must give the applicant a preliminary visual examination before he can undergo a physical examination.

The procedure is part of the Lawrence Administration's plan requiring periodic physical examinations for all state motorists.

**HORTON MARKS
FIFTY YEARS OF
MOVIE MAKING**

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—Edward Everett Horton, master of the sly gun, the knowing chuckle and the outrageous double-take, is celebrating 50 years of regaling American audiences with his bag of tricks.

Back in 1910 a young Brooklyn boy just out of Columbia University made his debut in the chorus of "The Mikado" at a semiprofessional theater in Staten Island.

Taking a look at some of today's young actors and his own beginnings, he reflects:

"Gee, they start out with so much. I had nothing—no looks, no voice, no clothes. All I had was this burning desire to be an actor."

"Still Has Bug"
That was enough to propel him into an acting career. After a half-century, he still has the bug. For about 20 weeks each year, he plays "Springtime for Henry" and other familiar roles in big and little theaters throughout the nation.

At 72, Horton still looks pink-cheeked and ageless. He lives with his 100-year-old mother in a big, antique-packed mansion in Encino.

Reminiscing about his begin-

nings as an actor, Horton said that his advent to the stage was accidental.

"I was going to Columbia with the idea of becoming a professor," he said. "But some friends talked me into going out for the college play. That did it."

Could Find No Work

But after his debut in "The Mikado," he could find no work on Broadway. He was told he needed an agent. Horton still has the same agent, and that must be an all-time record.

Horton did his first film in 1919. His screen heyday was in the 1930s, when he did as many as six films a year at \$5,000 a week. "The phone never stopped ringing," he recalled.

"Then I did a picture called 'Her Husband's Affair' with Lucille Ball and Franchot Tone. After I finished it, the phone didn't ring. That was 11 years ago, and they haven't called me for a picture since."

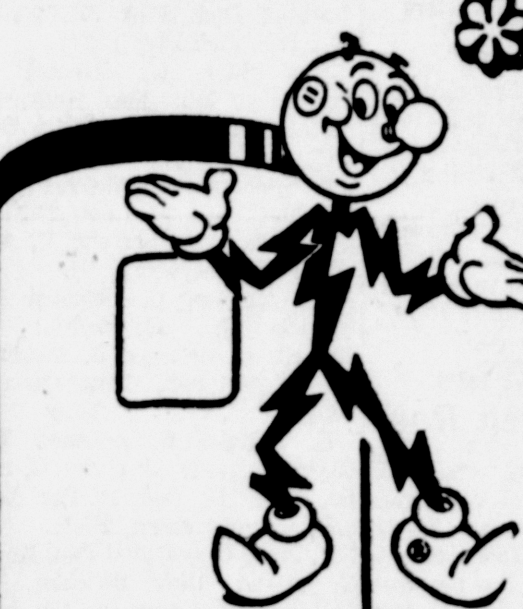

"I don't know what happened. I think today's producers don't know me. But I've still got the stage, and that's very gratifying."

MIKE HIGGINS IS RENAMED BOSOX PILOT

BOSTON (AP)—Patient Mike Higgins has accepted a double challenge in returning to the Boston Red Sox as manager.

The heavy-set Texan, who was replaced "with regret" last July 4, agreed to come back as field pilot Sunday from his Dallas home during a phone conversation with owner Tom Yawkey.

Higgins said he was "mighty happy" and added, "If I can help I will be tickled to death to do it. I had been in the field for 30 years and this book work is a little different. I am glad to get back actively with the game."

Higgins, scheduled to join the Red Sox in Detroit tonight or Tuesday morning to open a road trip, takes over a club wallowing in the American League cellar after losing 25 of its last 32 starts.

Second Challenge
The second challenge is that of battling the percentages. Only one Al manager ever returned to the same club at a later date and enjoyed increased success. Chicago's James Callahan finished seventh in 1953. When he came back in 1954 the White Sox came in fourth, fifth and sixth.

The naming of Higgins, who had been retained by the Sox as out of the Southwest, climaxed a series of developments in the Boston front office.

Higgins' successor Billy Jurges, was given several votes of confidence by General Manager Buckley Harris and Yawkey, the first of which came at the end of a 10 game losing streak.

Jurges Released
On June 8, the Sox announced Jurges had been given a temporary leave after a doctor's examination.

Two days later Jurges was given his unconditional release. Higgins has the confidence of many of his players and a thorough knowledge of the personnel and farm system.

In eight years managing Sox farm teams, beginning at Class B Roanoke in 1947, Higgins, third base veteran of Boston's last pennant winner (1946), was in the first division seven times and fifth place the other.

Named to succeed Lou Boudreau, Higgins' teams had a 360-330 record in Boston from 1955 un-

F. A. Pitkin, 61, In Serious Condition

HARRISBURG (AP)—The condition of Francis A. Pitkin, 61, executive director of the State Planning Board, remained serious today at Harrisburg Hospital. He was stricken with a heart attack at his nearby Camp Hill home Sunday.

Pitkin served as director of the Commerce Department's Bureau of Community Development from 1955 until 1959 when he became the planning board's executive director for the second time.

A native of Akron, Ohio, he began working for the state in 1933 as an administrative assistant in the Planning Board's Bureau of Research and Statistics. He was named assistant director in 1934 and executive director a year later.

In the commerce post, Pitkin helped set up the state's program for assisting local areas in a new program of urban and industrial redevelopment.

CELTIC ASH TO RUN JULY 16 AT MONMOUTH PK.

NEW YORK (AP)—Celtic Ash, a new challenger for the 3-year-old championship after his powerful victory in the \$150,900 Belmont Stakes Saturday, will take on older horses next, his trainer said today.

Tom J. Barry, following somewhat the pattern of Sword Dancer after his 1959 Belmont victory, said Celtic Ash's next start would be in the \$100,000-added Monmouth Park Handicap July 16.

The colt, foaled in England but raised in Ireland, then will start in the \$50,000-added choice stakes for 3-year-olds at Monmouth Park Aug. 3 before meeting horses of the same age again Aug. 20 in the \$75,000-added Travers Stakes at Saratoga. The Monmouth Handicap and Travers are both a mile and one quarter, the choice a mile and one sixteenth.

Is Merry Scramble

Sword Dancer won both the Monmouth Handicap and Travers, among other races, enroute to the 3-year-old title and horse of the year honors.

The 3-year-old title is in a merry scramble, with the Sunny Blue Farm's Venetian Way having won the Kentucky Derby, the Turfhand syndicate's Bally Ache scoring in the Preakness, and Joseph E. O'Connell's Celtic Ash the Belmont.

Bally Ache was withdrawn from the Belmont because of a slight ankle injury.

Celtic Ash was seventh and last for a mile, then Jockey Bill Hartack let him loose. He circled the field on the final half bend and joined the battle. Venetian Way still led at the head of the stretch with a quarter mile left, with C. V. Whitney's odds-on favorite Tompion and the King Ranch's Disperse second and third. Celtic Ash suddenly ranged up on the outside, and with about an eighth to travel, moved into the lead to draw away for an easy 5 1/2 lengths victory.

Mother Finds Her Son, 12, Hanged

PITTSBURGH (AP) — Mrs. Clarinda Smith of nearby Upper St. Clair Twp. went looking for her young son Sunday.

She found him in the basement on their home, hanging by the neck from a four-foot piece of nylon rope.

Artificial respiration failed to revive 12-year-old Guy.

Police said Guy apparently became entangled in the rope while practicing tying knots. He was a Cub Scout.

DON WEBSTER, RUNNER AT 15, WINS PRAISES

HARRISBURG (AP)—"The boy is a terrific runner."

So said track star Josh Culbreath of Don Webster, a high school junior, after Webster surprised observers by finishing ahead of the two-time Pan-American champion to win the 440-yard dash in a record: 47.3 Saturday in the Middle Atlantic AAU meet.

Culbreath, a Norristown native who also was a winner in the 1959 Russian meet, went on to praise Webster, a muscular 15-year-old from Kennett Consolidated High School near Philadelphia.

"He is a strong boy," said Culbreath, "the best I have ever seen for his age. He has the one thing you need to be a great quarter-mile—strength. And he can relax."

Webster, who was named the meet's outstanding competitor, cracked the old mark of 48.3 set by Bill Carr of Penn in 1932.

Culbreath, did better in another event—the 220-yard low hurdles—in which he posted a record of 22.9, bettering the 11-year-old mark of 22.3 by Jim Geirdes of Penn State.

Bill Sharpe, of Shanahan C. C., set a record in the hop, step and jump with a distance of 51 1/4. The 22-year-old Philadelphia bethers his own three-year-old record by 3 1/4 inches.

In the pole vault, Barney Berlinger, of Penn, set a meet record of 14 feet, 3 inches. The previous mark of 14 feet was set in 1958 by Orlando Cruz, former Puerto Rican Olympic performer, for Mercersburg Academy.

Pitching — Stan Williams, Dodgers, won his fifth straight (sixth over a two-year-span) with four-

OLD GLORY IS 183 YEARS OLD

WASHINGTON (AP) — Old Glory, which now contains 49 stars, is 183 years old Tuesday, but it is still proper to display your flag even if it has fewer stars.

There are only two firm rules: the flag should be in reasonably good condition and without a 50th star.

The 50th star for Hawaii will be added officially July 4. Until then it is improper to display the new flag.

The 49th star for Alaska became official July 4, 1959.

Even after the 50-star flag becomes official, most agencies of the federal government will continue to display 48-star and 49-star flags so long as they remain in good condition and until present supplies of unused flags are exhausted.

By act of Congress, the President each year proclaims June 14 as flag day.

NASHVILLE, Tenn. (AP) — A professional golfer usually waves goodbye to his wife and family and heads for the course.

But today things are different at the home of Harold Eller, pro at the Old Hickory course. Mrs. Eller and daughters Judy and Beverly (Mrs. Robert Borer) are away competing in the state women's tournament. Sons Richard, 13, and Mike, 9, are playing in schoolboy events.

The word "mausoleum" meaning a stately tomb comes from the Mausoleum at Halicarnassus, an ancient Greek city in Asia Minor. It is one of the Seven Wonders of the World.

In Memoriam

HEPPER: In loving memory of our dear son, Ronald R. Hepper, who was taken from us two years ago tonight, June 13, 1958. Two years have passed, our hearts still sore. As time flies on, we miss him more. He was always so patient, loving and kind. What a beautiful memory he has left behind. No one knows the silent heart ache. Only those who have lost can tell of the grief that is borne in silence. For the one we loved so well. His smiling face no more we see. His gentle footsteps no more we hear. His willing hands and face so sweet. In heaven someday we hope to meet.

In the graveyard softly sleeping. Where flowers gently wave. Lies the one we loved so dearly. In the still and silent grave.

We do not know why we must part. From those we love so dear. But God who doeth all things well. Will someday make it clear.

We often sit and think of you. As days go passing by. And wonder why you had to die. Before we could say goodbye.

CLAIM MOVIES GETTING MORE "ADUL-EROUS"

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — Movies are more adul-erous than ever. Hollywood isn't exactly advertising that slogan, but this cycle-happy town has apparently found a new trick: films about marital infidelity. It's not true that the cycle was triggered by the Oscar to Simone Signoret for playing the ill-starred adulteress in "Room at the Top."

No, the trend has been going on ever since the film industry decided it had to make more adult movies. As some finger-pointers, producers sometimes confuse adult for adultery. The money possibilities of this theme have already been explored with such works as "Peyton Place," "A Summer Place" and "Bramble Bush" (all located in supposedly chilly New England.)

New Films Coming
Hollywood also has explored the theme in New York ("The Best of Everything"), Pennsylvania ("10 North Frederick"), Texas ("Home From The Hill"), the deep South ("The Fugitive Kind") and even Hollywood itself ("Beloved Infidel").

Here are some upcoming films which continue the cycle: "Strangers When We Meet" features Kim Novak and Kirk Douglas in a torrid love match despite the inconvenience of having other mates. Hers is an unresponsive Ivy League type and his spouts homilies like "Sex and martini don't mix." After the big affair, Kim and Kirk go back to their respective families apparently unscathed.

Manhattan Masher
"The Apartment" pictures Fred MacMurray as a Manhattan masher who compromises an elevator girl (Shirley MacLaine) despite his family in the suburbs. The film details how he and other executives mooch the apartment of an underling, Jack Lemmon, for their after-hours rendezvous.

"Portrait in Black" portrays Lana Turner and Anthony Quinn in a love match which is hampered by the presence of her ill-tempered husband, Lloyd Nolan. The lovers' solution is an ancient one: murder.

"Sons and Lovers" shows a coal miner's son, Dean Stockwell, torn between his passion for a farm maid, Heather Sears, and a fellow worker, Mary Lou, married to a brutal husband. This is the early work of sex pioneer D. H. Lawrence.

And there are more. The production code office says it hasn't changed its longtime stand that adultery "shall not be explicitly treated nor... justified or

SCRIBE LISTS EFFECTS OF LOWER RATES

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Further easing in interest rates and greater availability of money for lending spelled different things last week to the stock and bond markets.

Many investors apparently felt that Federal Reserve Bank moves in making it easier for business to borrow revealed a resolve to give lagging industry a nudge toward resuming an upward trend—although the Fed denied strongly that this was its purpose.

But this interpretation in Wall Street, plus a stubborn belief that the worsening of the international situation must lead in time to more defense spending helped the bulls to run up stock prices.

Strong Feeling
In the bond market the feeling was just as strong that the Fed was merely recognizing the trend in recent weeks toward lower interest rates — and thus lower yields from investment in bonds — because of slackening demand for loans. This helped send up the price of outstanding bonds.

Some of them, carrying low interest rates, had been markedly depressed in price during the long climb of yields when money was tighter and the money managers seemed determined to keep it that way.

The upward swing in both stock and bond prices could seem contradictory, since they usually move in opposite directions. But many analysts see both movements as corrections of former excesses. That is, some stocks had been bid down more than they should, and yields of some bonds had gone higher than con-

ditions justified. But there could be a third interpretation. That is that the general economy is healthier than the timorous have been saying—just as it proved less bouncy than the over-zealous predicted.

Analysts coming to this conclusion are admittedly bullish for the long run. They hold that the dip in the economy after the big New Year's spurge was good for the country rather than bad. They take comfort in the decision of industry to refrain from risking the over building of inventories, in the absence of panic on the part of consumers over various overseas disturbances, in the spreading practice of top management to make long-range plans for spending on plant and equipment rather than overnight changes in corporate thinking.

The bears won't buy this. For them the easing in money rates is a confirmation of the deflation of the boom, of business pulling in its horns in borrowing as well as in production, of real belt tightening ahead.

The bears see the past week only as a temporary correction of excesses in a trend that has yet to run its course. The bulls see it as getting back to stability, or something approaching it.

But if there's anything sure, it's that there'll always be both bulls and bears.

HEALTH IN RHYME TIME

To sound effects add smell effects. The movies move at modern pace. The reel is now fixed up for real.

The woody smell of burning logs. The scent of heliotrope and rose. Are wafted to the customers. The mood is pictured through the nose.

We hope that soon much can be done. To sweeten up the outside air. For car exhaust and burning dumps. Foul — the air that should be fair.

Charleroi Man Heads Pa. Eagles

PITTSBURGH (AP) — Delegates to the annual convention of the Pennsylvania Aerie of the Fraternal Order of Eagles Sunday elected Theodore H. Breuer of Charleroi as president for 1960-61.

Other officers named at conclusion of the convention were: Clyde W. Milliken, Pittsburgh, vice president; Morgan Kemmerer, Lehigh, conductor; Maurice Spain Jr., Pittsburgh, secretary; Mark Brown, Patton, treasurer; John V. Dugan, Plymouth, inside guard; James E. Turney, Pittsburgh, outside guard. Trustees named were Paul N. Grannis, Ellwood City; J. Joseph Gibson, Scranton; Thomas Liotta, Franklin; Newton Baublit, York; Henry Hutson, New Bethlehem.

HOUSE GROUP AIRS CHARGES

HARRISBURG (AP)—The House Judiciary General Committee today begins airing charges that Philadelphia Dist. Atty. Victor H. Blane has failed to properly carry out his duties.

The committee scheduled a closed-door hearing during the day on an impeachment petition against Blane submitted to the Legislature May 11 by Rep. John R. Stewart (R-Phila.).

Rep. Herbert Fineman (D-Phila.), committee vice-chairman, said before the hearing he wanted the proceedings closed to prevent them from becoming "a three-ring circus and... a publicity vehicle for any individual."

Stewart had asked the committee of 13 Democrats and seven Republicans to subpoena 20 persons as witnesses. But Fineman told him the committee lacked authority to do so.

However, Fineman said he gave Stewart permission "to invite anyone he (Stewart) considers important to the presentation of his case."

Property Transfers
Woodcrest, Inc., Baltimore St., has sold a property in Cumberland Twp. to Robert E. Harner and wife, Gettysburg. The market value was \$2,500.

Mr. and Mrs. Wilson Streightiff, Ollichs, S. D., sold a property in East Berlin for \$3,500 to Mr. and Mrs. Homer S. Bloodworth, East Berlin.

Healthier Economy
But there could be a third interpretation. That is that the general economy is healthier than the timorous have been saying—just as it proved less bouncy than the over-zealous predicted.

Analysts coming to this conclusion are admittedly bullish for the long run. They hold that the dip in the economy after the big New Year's spurge was good for the country rather than bad. They take comfort in the decision of industry to refrain from risking the over building of inventories, in the absence of panic on the part of consumers over various overseas disturbances, in the spreading practice of top management to make long-range plans for spending on plant and equipment rather than overnight changes in corporate thinking.

Louisiana Senior Is "Mr. America"

CLEVELAND, Ohio (AP) — A red-haired senior at Southwestern Louisiana Institute who packs 180 pounds into a 5-foot-6 frame, is the new Mr. America.

Lloyd Lerille was picked from among 27 entrants in a contest that capped the National Weightlifting Championships. Six members of the U.S. Olympic team were chosen in the weightlifting championships.

The 24-year-old New Orleans student scored 94 points of a possible 140 in the Mr. America contest, which was sponsored by the Amateur Athletic Union. Judging was on the basis of muscular development, symmetry, general appearance and athletic ability.

HALLECK AND NIXON SPLIT ON SCHOOL AID

By JACK BELL

WASHINGTON (AP) — Vice President Richard M. Nixon and House Republican Leader Charles A. Halleck of Indiana appear to be lining up on opposing sides on the school aid bill.

Associates said today that Nixon is urging a compromise on a classroom construction measure that will remove the issue from the presidential campaign.

Halleck, who will preside as permanent chairman of the Chicago convention expected to nominate Nixon for president, is represented as determined to kill the bill if he can.

May Sign Compromise
Nixon is understood to have told congressional associates he believes President Eisenhower will sign a compromise bill authorizing federal aid for school construction.

The House passed a measure to set up a four-year, \$1,300,000,000 program. The Senate passed a two-year, \$1,800,000,000 bill carrying grants for teachers' salaries as well as for construction.

Eisenhower originally had proposed a 30-year, \$2,200,000,000 program to help pay interest and principal on school construction bonds issued by local districts. The House turned down this plan 319-80.

See Adjournment Jam
The Senate voted to send the varying bills to a Senate-House committee for efforts to compromise them, but a House objection by Rep. James C. Davis (D-Ga.) has made it necessary for that body's Rules Committee to act before conferees can be named. The measure may be caught in an adjournment jam.

Nixon is understood to feel that the Republicans will be at a disadvantage on this issue in the campaign unless some bill is passed. He obviously thinks that Eisenhower shares this view.

STEVENSON GRABS HAT OUT OF RING

CHICAGO (AP)—Adlai E. Stevenson hurriedly retrieved his hat from the presidential race Sunday with this statement: "I am not a candidate."

The Stevenson political hat had been lobbed into the scramble for the Democratic presidential nomination by Eleanor Roosevelt.

Mrs. Roosevelt, in her syndicated column "My Day," last week called for a Stevenson-Kennedy ticket. She said Stevenson combined with Sen. John Kennedy of Massachusetts would be the strongest team the Democrats could field against Vice President Richard M. Nixon.

"Not Candidate" Now
The wife of the late president Franklin D. Roosevelt then asked Stevenson to clarify his position. Stevenson, twice defeated as Democratic presidential nominee, wired Mrs. Roosevelt and said in part: "I think I have it clear in my public life... that I will serve my country and my party whenever called upon."

After receipt of the Stevenson wire, Mrs. Roosevelt commented: "From this statement, I think you will find it clear that Mr. Stevenson is a candidate, since there is a sizable number of people who are asking him to accept the responsibility of being the candidate for the Democratic party in the next convention."

At this point, Stevenson grabbed his hat back. He said at his Libertyville, Ill., home: "My message to Mrs. Roosevelt speaks for itself. I reiterated the position I have taken for several years—that I will not seek the nomination for president by the Democratic convention."

"Therefore, I am not a candidate."

act before conferees can be named. The measure may be caught in an adjournment jam.

Nixon is understood to feel that the Republicans will be at a disadvantage on this issue in the campaign unless some bill is passed. He obviously thinks that Eisenhower shares this view.

New York Highway Speeder's Dilemma

LOCKPORT, N. Y. (AP) — The speed limit on Old Niagara Road here depends on which side you're driving on.

Half the highway is within the Lockport city limits and has a 30 m.p.h. limit. But motorists headed west, on the Niagara County side of the road, may drive up to 50 m.p.h.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all
